STATINTL

2. Transmitted to Mr. Arens, Immigration Sub-Committee staff of the Senate Judiciary Committee, a copy of the second edition of the handbook of the Foreign Nationalities Branch of OSS. He told me that he had previously received such a copy from Col. [] and that same was no longer classified. Upon checking, I find that Col. [] forwarded a handbook to the Committee in November 1948, but that same is still classified "Confidential", and has not been downgraded. The original information on this handbook came to the Committee from Judith Coplon of the Department of Justice.
